

# FRIENDS OF ST MARY'S

## BIG THANK YOU!

Before Easter, we held a sponsored read, six children took part and they did an incredible job of raising nearly £500! (Imagine if more took part). We understand it can be a challenge finding time - and sometimes the interest - but we hope to hold another sponsored (outdoor) activity in the near future.

We also held our first Lego challenge and received 18 wonderful entries. A very well done again to everyone who took part! We were very lucky to have the prizes donated by Churchills who were delighted to support us. It really has been such a challenging time for everyone, we can't thank you enough for your support!

## HOW YOUR MONEY IS HELPING

The money raised by you over the past few years has been hugely appreciated and spent on some much needed larger items in the playground like the new huts, the artificial grass and a new Trim Trail. There are continued areas of the playground that still need improvement but right now here are two items needed at school where your money will make a difference; a new school hall projector screen (approx. £1500) and two new (replacement) friendship benches (£900-£1000). It's been very tough for all charities and we are very behind what we would have normally raised by now. The friends would ordinarily raise approx. £11,000 in a school year but missing three of our summer/winter fayres has had a huge impact and unfortunately we won't be holding this year's summer fayre either. If you think you could make a donation, maybe what you ordinarily might have spent at one of these events or the cost of a coffee, we would be most grateful for anything you can spare.
